

## **URGENT ATTENTION REQUIRED**

An election will be fast approaching. We as firearm owners have to step up and make our position on gun legislation heard. That has to be done at the ballot box.

Dating back to the Chretien term in office the Liberal Party had always taken direction from the Coalition for Gun Control. The leader of the Coalition, Nathalie Provost, has announced that she will be running in the upcoming election.

During the Trudeau term for the most part Public Safety Minister Marco Mendicino handled the firearm issue. He later left that ministerial position and announced that he would not run in a future election.

When the new leader of the Liberal party was attending parliament to be sworn in as Prime Minister in the background was former Minister Mr. Mendicino. It was announced that Mr. Mendicino would now be the Chief of Staff for Prime Minister Carney.

**Basically the same body of Liberal MP's present and past will still be involved in running for re-election.**

A thick blanket of wool is being pulled over the eyes of Canadians.

Given the state of recent polling activity it would appear that Canadians have lost the disgruntled feelings they had for the Liberal government. There was much unrest amongst Canadians and in the party itself for what had and was happening in Ottawa. The existing Liberal Party could not place blame on themselves thusly they acted to put all blame on their leader Prime Minister Trudeau.

Canadians have to be reminded that the same party that was responsible for the distress felt months ago towards the economy, inflation, taxes, crime etc. may not go away. The same body of government responsible for the distress is capable of re-establishing their agenda. There may be a new head on the snake but that dangerous snake still exists.

**It is imperative that we all get out and vote. Family members, relatives and friends should be encouraged to get out and cast a vote. It is up to all of us to do our part.**
